It seems that some forty or fifty " Plug-Uglies" came down from Baltimore this morning to assist our citizens in the election to-day. After floating around for some time without effecting anything of note, they pitched upon the Fourth Ward first precinct, as being the most eligible scone for their operations. A long line of voters were standing in the street, extending for some distance from the polls, and composed principally of Anti-Know-Nothing voters. At noon it became evident that nothing short of a military interposition could save the city from almost universal riot. A letter was addressed by Mayor Magruder to the President of the United States, asking for a company of marines in order to maintain the peace of the city. The request was promptly complied with. We continue our extracts from the Star:

Shortly after one o'clock P. M., the marines (two companies, one hundred and ten in all), arrived on the ground, first precinct of the Fourth Ward, under charge of Captain Tyler, and accom-panied by Mayor Magruder. The op-position had, in the mean time, procured a brass cannon and stationed it at the Northern Market house, which they

made their head-quarter. After the Mayor had addressed the growd, stating that the soldiers were brought there solely to maintain the public peace, which had been flagrantly violated, the marines moved upon the market house to take possession of the cannon, amidst every species of taunt and approbrium, ending finally, in the Joseph Larr. possessors of the cannon firing pistols at the marines. The latter, however, moved steadily on, seized the cannon, for the sum of \$17 76c.

On the 30th day of May, 1857, said Justice issued an order of attachment in the above action for the sum of \$17 76c. and then, due warning having been June 11,

given, replied to the pistol shots upon CARPET STORE.

After the smoke cleared away, the called upon, yesterday (June 1), to elect members of the two boards of five persons in the agonies of death, and several others fearfully wounded. We give below, as accurate a list of the killed and wounded as we could
